**To:** Dennis Rader <dennis.rader@lacity.org>

Hello Dennis:

I would like to request an extension of our 2019 Assessment Database submission.

I am working with our Consultant to put this all together. When I took over this position, there was nobody available to show me nearly anything and, I could not find a comprehensive Database either on the computer or in hard copy. I did find bits and pieces that I have cobbled together and is being worked on.

May we have a 2 week extension to comply - say June 15?

Sincerely,

John Walker
